Jan.13, 2018

APSID Scientific Congress Information

Welcome Message & Invitation

Primary immunodeficiency disease (PID) is one of the most challenging disease in children. Recently the diagnostic and therapeutic methods had been improved rapidly. To improve the medical level of PID in Asia Pacific Area and to share the PID clinical experience and basic or clinical PID study for recent years, the 2nd Congress of APSID will be inaugurated on 7th~8th May at Radisson hotel, Nan'an District, Chongqing, China. The congress is hosted by ASIA PACIFIC SOCIETY FOR IMMUNODEFICIENCIES (APSID) and organized by Children's Hospital of Chongqing Medical University (The APSID Summer School for junior pediatricians or researchers will be inaugurated 5th~6th May 2018 at the same hotel). The Congress consists of four symposiums: 1) The main Symposium for PID (7th May); 2) Rheumatology and Allergic Diseases (8th May); 3) Respiratory and Infectious Disease (8th May); 4) Hematology and Transplantation (8th May). Outstanding speakers are invited to give lectures from PID, Rheumatology, Hematology, Respiratory and Infectious disease fields. These speakers are from the United States, Britain, Japan, Hong Kong and other countries and regions, including Professor Hans D. Ochs, Professor Adrian Thrasher, Professor Andrew J Cant, Professor Lisa Westerberg, Professor Kohsuke Imai, Professor Yu-lung LAU, Professor Surjit Singh, Professor Alexei Grom, Professor Angelo Ravelli, Professor Huamei Forsman, Professor, Wenxia Song, Professor Wenwei Tu, Professor Kunling Shen and Professor Xiaodong Zhao et al, We also welcome all the participants to share your research at this conference. The conference will provide communication opportunity for all participants from the referred area in Asia Pacific areas. Welcome all the scientists or clinical Doctors related to join us!
